**REQUEST FOR RECORDAL OF A CHANGE IN THE IDENTIFICATION OF THE
INVENTORS, AND SUBMISSION OF SUBSTITUTE POWER OF ATTORNEY**

Assistant Commissioner for Patents
Washington, D.C. 20231
BOX PCT

SIR:

The Request that was submitted on December 23, 1999 to effect the filing of the above-identified International Application named three individuals as the joint inventors of the subject matter of the application, inadvertently omitting an additional two individuals who are also joint inventors and accordingly should have been named. Thus, the Request for filing of the International Application *should* have identified and named as the inventors the three individuals who were named in the original Request, *plus* two additional individuals who were not named in the original Request. The omission of these two additional inventors was inadvertent and no deception was intended.

Applicant therefore now requests that the International Bureau record a change in the identification of the inventors to add the two missing individuals.

In furtherance thereof, submitted herewith is a replacement "Continuation of Box No. III" page of the original Request, on which replacement page the two additional inventors -- Jyri Suvanen and Johan Haeggström -- are expressly named and identified.

Also submitted herewith is a Substitute Power of Attorney that has been signed by all five of the inventors.

It is not [redacted]eved that any fees or charges are due [redacted]nnection with the change hereby requested. Nevertheless, in the event that any fees or charges are required in connection with the action herein requested, such fees or charges may be charged to our Patent and Trademark Office Deposit Account No. 03-2412.

Kindly contact the undersigned in the event of any questions or if any additional information or documentation is required.

Respectfully submitted,

COHEN, PONTANI, LIEBERMAN & PAVANE
